7		A-210-106	Drum Lid Gasket
8		A-210-402	Float Control Assembly, 3/4"

Accessories

TX-55PL Drum Tank

CECOR's heavy duty 55-gallon drum tank, made of heavy gauge steel, is stronger than a standard 55 gallon drum. The tank is mounted on four casters for easy rolling and maneuverability. Fork pockets built into the base provide easy handling by fork truck. The tank features an 8" x 10" cleanout door for removing settled solids. Valve in door permits fluid to drain out, leaving the solids.

Drum Dolly

The drum dolly puts wheels under your own 55 gallon drum. Heavy frame construction with two rigid and two swivel casters with 4" diameter phenolic roller-bearing wheels. Simple T-grip handle provides maneuverability and pulling ease.
